

Speech Development Lab: Directions

We are located three miles east of I-75 on Archer Road (Exit 384), or one block west of US HWY 441 (S.W. 13th Street) on Archer Road, at 1395 Center Drive

Parking

Please park in the Patient & Visitor Parking garage on the west side of the dental building. From Center Drive, turn west on Mowry Road and then left into the Patient & Visitor Parking Garage. If both levels of that garage are full, there is also a patient parking garage one more street to the left, near UF Health Medical Plaza.

UF Health offers free parking for our research participants. Valet parking is also available in the front circle of the hospital (\$3 with a patient or patient visitor parking voucher). At the end of your appointment, we will give you a parking voucher to present to the attendant upon exiting the garage. Free disabled parking is available at the west entrance of the hospital.

Getting to the lab

Enter the building at the West Entrance, directly across from the parking garage.

Walk down the hallway and follow the signs to the Dental Elevators.

Speech Development Lab: Directions

Take the Dental Elevators to the ground floor. Turn left off the elevator. You will see signs for the tunnel to the V.A. Hospital. Do not enter the tunnel! Turn right at that hallway.

Turn into the last hallway on the left. You will see a “Speech Development Lab” sign hanging from the ceiling and our monkey signs on the doors. If you reach the exit of the building, you’ve gone too far!

Our waiting room is located in room DG-134.

Our phone number is 352-273-6808. Please feel free to call!
